Project

Project title: Apocalypse

Executive Summary:

Dear Dr. Templeton,

I would like to draw your attention to several projects previously published in journal Enzymes ISSN 1867-3317. Now I look for green investment into a private foundation that will serve as an instrument in my hands, and whose main aim should be to initiate the social transformation in a proposed way. Please let me know, if the John Templeton Foundation wishes to participate in my experiment and to support my proposition as an outside investor.

A russian transcript of my notion is available at <http://poleev.blogspot.com/2011/04/blog-post.html>. Please feel free to contact me, if you have any questions or need further explanations.
