Hansen, Arne Bjørn

Dear Mr. Andrej Poleev,

Thank you for your mail of today.

After having consulted your manuscript "Scrapping of a pseudoscience/Verschrottung einer Pseudowissenschaft" I regret to inform you that there is no substantial reason to suspect that The Danish Psychiatric Association as such have committed any crime that should be prosecuted by our office.

Therefore I maintain the decision not to pursue the matter any further.

By power of attorney

Best regards

Dear Arne,

I appreciate your replay. Due to the fact that the Danish Psychiatric Association¹⁻² is an integral part of the World Psychiatric Association, I request you as well as the State Prosecutor for Serious Economic and International Crime to investigate the involvement of the Danish Psychiatric Association in serious crimes against humanity, as described in my manuscript „Scrapping of a pseudoscience“.

I thank you in advance for your cooperation.

To Me

Dear Mr. Andrej Poleev,

Thank you for your mail, dated 24. February 2014 to the State Prosecutor for Serious Economic and International Crime where you request my help in your case concerning the World Psychiatric Association.

The mandate of the Danish State Prosecutor for Serious Economic and International Crime concerns the investigation of serious crimes, i.e. genocide, war crimes and crimes against humanity, committed abroad by alleged perpetrators who live or reside in Denmark or otherwise fall under Danish jurisdiction.

As it seems that the Headquarters of the said association (World Psychiatric Association) reside in Switzerland your case is not included in the mandate and I regret that I am not in a position to help in your specific case.

If you are not satisfied with this decision you can appeal to Rigsadvokaten, Frederiksholms Kanal 16, DK-1220 København K, pursuant to The Administration of Justice Act, § 99, sec. 3. The appeal should be filed within 4 weeks after having received this decision.

By power of attorney,

Best regards

Dear Prosecutor,

Please find enclosed a copy of my letter containing suggestion, based on substantiated state of knowledge, to take immediate measures to dismantle one worldwide acting crime syndicate centered around the World Psychiatric Association (WPA), to seize assets and property owned by its members, and to arrest the gangsters, calling themselves psychiatrists, for committing serious crimes individually or collectively. The 22nd European Congress of Psychiatry that will take place in Munich, Germany, from 1st until 4th March 2014 is the nearest opportunity to perform such measures, the next opportunity will be the 16th World Congress of Psychiatry in Madrid 14-18 September 2014. Between March and September, everything possible can be done to achieve requested aims; but I plead for the least possible delay in this matter.

I thank you in advance for your cooperation.
