Due to abrogation of the rule of law by former president of Chile and current High Commissioner for Human Rights at the United Nations Veronica Michelle Bachelet Jeria I request the imposition of sanctions against her as well as against the United Nations Organization and the Republic of Chile.

As consequence of inaction that is in contradiction with national, i.e. Chilean, as well as international law, mandate of the High Commissioner for Human Rights and Charter of the United Nations Organization, my individual rights have been continued to be violated, including my right to be protected from arbitrariness by granting me asylum, my right to an adequate housing and living, my right to indicated medical treatment and care, my right to exercise my occupation, my right to self-determination, my right to a compensation.

Such willful ignorance, deliberate breach of duties or disablement must be punished by applying statutory laws, including depositions, confiscation of assets and property, criminal proceedings against lawbreakers, as requested before.

Dear Dr. Bachelet,

During your chilean presidency you have refused to grant me asylum for which I applied 2014 in the chilean embassy in Berlin.

Now as you hold the position of the High Commissioner for Human Rights at the United Nations I expect that you admit your mistake, rethink your modus operandi, and take immediate measures to abolish unlawful professional ban arbitrarily imposed on me, to restore my right to self-determination, and to satisfy a certain number of my legitimate demands, first and foremost of them, my demand for rehabilitation of my damaged health.

Should you refuse or be unable to respond to my request in appropriate way, I will make you responsible for damages and losses resulted from or caused by negligent breach of your duties and disablement.
